

Information for International Visitors Movie Making Camp Program Summer 2026

Contact us for the Agency in your country for more information and enrollment.

Summer International Program 2026 English - July 6th to August 28, 2026

- Full program: 8 weeks
- Weekly program: Week by week - needs booking in advance.
 - Special needs: Contact the Agency for more information

For International Visitors: The program is for teens, **boys and girls age 11 to 16**. It's a great opportunity to visit Canada and practice, improve their English and learn the art of filmmaking while having fun. Students boarding and meals arrangements are managed by the Agency that will place students with host families with a process they have already followed..

For those coming to Canada a basic English knowledge would be important because the classes are in English. There will be tutoring and conversation classes twice a week.

The attendees will have fun learning movie making from creating the story, preparing for shooting, handling the camera and many more things. Also students will practice English with visits and tours. The agency would provide afterschool activities. Contact the agency for boarding and afterschool activities.

*The Summer 2026 program is from **July 6th to August 28, 2026**.*

This program is open to international teen visitors (**Visitors Visa if applicable**).

If the teen is already in Canada under Student Visa attending school, can also register to the program as extracurricular training.

- Students don't need to bring camera or editing equipment. All equipment will be provided for hands-on practice during classes.
- Optional
 - Students can bring their own camera.
 - Students can bring their own laptop with specs to install edit software.
